MEMBERSHIP NEWS

DECEMBER 1999

Now that all subscriptions have been paid for the current year we find that numbers have declined to 388. Our presence at the Film Festival and the Pageant introduced us to a few people but personal introduction remains the most effective means of extending our membership. The Newsletter is an excellent ambassador and is, I know, read by many who do not pay a subscription. If you are a passive friend of the Society, we would welcome your active support both at meetings and financially.

There have been two weddings within the society recently. In June our former social secretary, Lyn Clackett, married Julian Chambers and in July Mrs. Mary Stevens and Mr. David Popman were married. We offer congratulations and best wishes to these four members.

A reminder about prizes for raffles, from which the proceeds contribute to the hall hire for meetings - There are several attractive 2 for the price of 1 offers available in shops at the moment. Please think of us if one item is sufficient for your needs and give the other one as a raffle prize!

Since July we have welcomed:- Mr. R.Taylor, Mrs. M. Baker and Mrs. A. Thompson.

SHEILA R. COPE, Membership Secretary
