For local people there will be no access to the terminal when a vessel is in dock. There is a "meet and greet" area where people can contact friends among the passengers At any time the Prince of Wales Pier provides an ideal vantage point to watch the liners arrive and depart.

Note: A list of cruise ships with the dates of their visits is posted at the entrance to the Prince of Wales Pier. ◇

Shopping List for IMPACT

Suggestions made by Dover Society members at the Meeting on 25 March

Areas still in need of attention

1   London Rd./High St. and environs. Cherry Tree Ave. area. Beaconsfield Road. One suggestion was that empty shops could be converted to residential use.
2   Remainder of the Sea Front.
3   Riverside Walk still needs further work. Steps/bowling green area.
4   Many pavements in need of attention. e.g. East Cliff and London Road.

Restoration/Conservation/Upkeep

1   Poster boards at York Street roundabout to go.
2   The Painted House needs a facelift.
3   Restore the fountains in the Sea Front area.
4   Flower beds near Law Courts.
5   Rosebed at the rear of St. Mary's Church.
6   B. & Q.'s river frontage.
7   Bollards to prevent parking outside Proteus House.
8   Remove advertisements on Kwiksave building.
9   Friday Market site needs attention (now abandoned??)
10 Woolcomber Street/Townwall Street junction.
11 Generally more attention to cleanliness and litter clearance everywhere. Could the Council keep the fronts of empty shops swept clean? Could shop owners be asked to keep their pavements clean and shop fronts smart? (Council/Chamber of Commerce?)

Ideas for new projects.

1   Red/Yellow/Green footprints to places of interest.
2   Better access to Castle – bus or lift
3   Car park for Connaught Park.
4   Big signpost and big map in the Market Square.
5   Dog litter bins.
6   Regular bus service to Castle and Connaught Park, starting at Market Square.

Pipe Dreams

1   Persuade Woolworths to return.
2   Persuade market traders to return to the Market Square.
3   Demolish Burlington House.
4   Demolish 1950s properties in the Market Square and create a Millennium Square enhancing the White Cliffs Experience ◇
