

The Objectives of the Dover Society

founded in 1988.

- to promote high standards of planning and architecture
- to interest and inform the public in the geography, history, archæology, natural history and architecture of the area
- to secure the preservation, protection, development and improvement of features of historic or public interest
- and commitment to the belief that a good environment is a good investment.

The area we cover comprises the parishes or wards of Barton, Buckland, Castle, Lydden, Temple Ewell, Maxton, Pineham, Priory, River, St. Radigund's, Town & Pier and Tower Hamlets.

All members receive three Newsletters a year and in each year the Committee organises about ten interesting events – talks, tours, visits, Members' Meetings and usually a Christmas Feast.

The Society gives Awards for improvements to the area, monitors planning proposals and supports, joins in or initiates civic projects and arts events.
