Congratulations on Newsletter No 15. Also, in writing, from John Peverley " on both the content and the appearance. "

(a) Items for the Agenda of the AGM must be made in writing by 12 April. ( 28 days notice must be given to all members of any proposed amendments to the Constitution. ) This means that only a "provisional" agenda can appear in the April Newsletter.

There was no other business.

Date of next meeting : Thursday 14 Jan.

#### 4. Secretary's Report

##### (a) Conversation with Julian Owen, Impact, reported :

Julian Owen more than endorses, he welcomes, urges that we should take a prominent part/parent/ compère the Forum. ( He will contact such as Chamber of Commerce, Rotary, Hoteliers etc. )

He stressed : No danger of being left with unwelcome residual responsibilities. All such are voluntary.

A letter, welcome now, saying what we are willing to do.

Agreed : A letter saying that we wish to be included immediately and asking how the Forum will be constituted.

Also urgent now : any large projects we would like to see included, which might be eligible for the hoped-for extra European funding.

Agreed : We would like to see the 1950's developments on the West side of the Market Square demolished.

Minor/ long-term projects could be notified later ( improving sad triangles / riverside-walk etc. ) e.g. after our Feb. meeting.

(b) PJ had drawn attention to the new concessionary for TV : Meridian, and their notice in the local Press of the appointment of a liaison officer to local communities. Relevant information passed to SS/ Je 0

## THE RIVER DOUR

Reference: TDS 51 Exec Comm Mtg Minutes dtd 12Nov92 Item 3(f)

A MMcF (DDC) alternative plan following:

- a) no mainining - ruled out on cost (£0.5M mentioned)
- b) River Dour Assn folding

B MMcF makes the following 4 points:

- 1) set up R.Dour Joint Management Committee (JMC) comprising riparian owners, DDC, NRA, TDS, WCCP
- 2) appt part time warden (honorarium) - inspection, reporting & liaison duties under JMC
- 3) over to IMPACT
- 4) lobby councillors

C TDS stated view is that:

- a) TDS cannot take on responsibility for the R.Dour
- b) DDC should lead *way*
- c) TDS will continue to help in any way it can (including modest funding as at present available)

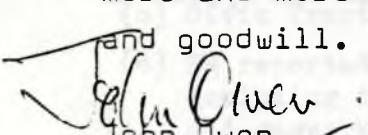

D Comments on above 4 points:

- 1) steering/coordinating committee preferred comprising DDC NRA TDS WCCP (but not riparian owners as such - too cumbersome) to:
  - a) plan & execute necessary action
  - b) inform & make recommendations to riparians
  - c) encourage & publicise good work of riparians and others
- 2) part time warden - no - finance & control problems - DDC unable to commit resources at present
- 3) IMPACT wait and see - a TDS riverside scheme already submitted
- 4) lobby councillors - one dedicated concillor could make a big difference by way of getting the council behind its officers

E SUMMARY

Already DDC TDS & LIONS carry out river care projects most years as well as riparians who clear and maintain their own stretches regularly and well.

It is suggested therefore that to make any headway at all the River Dour Steering/Coordinating Committee be set up to build on the ad hoc present arrangements in the belief that in time more and more may be accomplished through information persuasion and goodwill.
