2. CHAIRMAN

With the AGM approaching, the Chairman drew attention to the need to look ahead and keep the Committee up to strength. He and the Secretary will be retiring at the AGM of 2001.

JO and SS will be standing down at this year's AGM. (SS will continue the functions at the Planning sub-committee and DTC.) Both were thanked for their years of service.

BA may decide to stand down. He will consider and report within a week. BA

The Committee was asked for any suggestions for recruits. JC to be informed. First proposals were B.J. Late who might take on Projects when he retires from the DHB. Other suggestions were Dr. Hinton and Mr and Mrs Francis.

The Chairman had pursued the matter of replacing roadside trees with DDC and the three Dover County-councillors but without encouraging results. DL said that the River replanting showed that exceptions can be made.

The willow on the river fronting B and Q : MMcF agreed to write to the DDC tree officer.

MMcF

The Underpass : The Chairman reported (i) that DDC had been advised against a temporary cover for the underpass and (ii) that there is provisional planning permission for re-building the demolished buildings as they were.

Databox 2000 is collecting information on life in Dover: call for volunteers to help compile. TS will examine the request. TS

3. SECRETARY

DTC had written seeking our support for the proposed historic flagged path in Pencester Gardens.

JW had already considered this and decided that the Society must support. There could even be a flagstone commemorating the founding of the Society.

Agreed : that we should contribute.

BA and JW would consider the list of "Date/Events" and the selection will be made at the March committee meeting.

Agreed : Financially : to finance one flagstone : (£220-250)

: to inform members at the next two meetings and in the Newsletter and to invite them to subscribe.

N.B. The above estimated cost is erroneous. The only lettering which would be charged for would be "The Dover Society", as the donor, so that the cost would be £130.

4. TREASURER

The Jan. meeting was in credit for the first time : all praise to the speakers, who clearly drew in the high attendance.

DL asked whether the subscription should be increased. (It has been unchanged for four years.)

SC was doubtful of the possible effects of an increase.

JW reported that our subscription is one of the highest in Kent.

It was suggested to sound opinion at the AGM on whether members would pay 50 p. per meeting.

Agreed : We review the situation again next year.

The Treasurer stressed the importance of sponsorships - particularly in relation to the cost of the Newsletter.
