## 6. PLANNING, K.F.A.S. and Local Government.

JW invited Committee members to the KFAS Spring Conference, 20 May, Pegwell Bay. He drew attention to K.F.A.S. Bulletin No 12. K.F.A.S. had written to John Prescott re housing requirements in the S.E. Could this have influenced the revised estimate of 4000 dwellings for the next 5 years ?

JW enlarged on the MINUTES of the Planning sub-committee, which had been distributed.

He considered that Mike Bayley would be a valuable recruit to the Committee.

Maurice Miles continues canvassing activity in Buckland Village.

Bill Fawcus wishes to talk to the Society about the proposed water sports centre. the Chair was quite clear that we must take into account (some) members' objections. In principle, we are in favour.

Barry Late recommends that, in general, we keep ongoing communication with the Harbour Board.

Agreed : to invite Fawcus to speak to the April Committee meeting. JW

We had examined 13 Planning applications.

LIDL and the Ladywell Fish and Chip shop had been approved.

JW reported the meeting of the DTC Tpt sub-committee.

There had been a great improvement against lorry-parking at the Gateway. One more consultant had been appointed on Town Centre matters. Buckland Village had been designated as part of Town Centre but there was no report on the HERS scheme.

There is still uncertainty about the harmful effects of radio masts. ( This was said in the current Civic Trust bulletin.)

The new " cabinet system " at the DDC : All committees, except the Planning Committee will disappear,

We wish to be informed about this - and a replacement speaker is needed for 13 Mar. : R. Bowditch will speak.

## 7. PROJECTS

JO has agreed to continue with the planned souvenir programme even after his resignation.

He has said that we would be supportive of the statue of Admiral Ramsey.
