Thus : the highest allotted number remains at 764 and current membership total is 410

N.B. The committee does not meet formally in August but members are cordially invited to foregather chez Copes in Park Avenue :

7.30 p.m. on Thursday 10 Aug. R.S.V.P. if you are unable to attend.

## 6. PLANNING et al.

JW focussed first on KFAS' concern about possible uncontrolled development at Manston Airport. ( Dover would be within the " stacking area ". )

( KFAS could arrange a speaker for our November meeting. )

The concern is because some development of ex- RAF airfields does not need planning permission, but may be contrary to the Kent Structure Plan.

Currently there is a planning application to extend 20 acres for concrete runways. A maximum ultimate aim could be 10 m. passengers a year.

Possible positive gains for Dover could include employment and support for cruise liners.

Agreed : DDC to be approached to ascertain their attitude .

## The Buckland Village Project

On Friday 2 June JW and Mike Bayley and Maurice Miles re-visited the area to make an appraisal of the project. A draft report is appended. The memorandum of the visit will be sent to DTC.

6. PLANNING etc. contd.

JW ( and TS ) also reported on the " Brainstorming Session", not uncritically.

The Chairman was also invited to sign, on behalf of the Society, for the Community Planning Charter. Both the above can only be approved as protestations of Good Intentions.

JW, wearing one of his other hats, also reported the current very advanced state of the draft list of speakers at meetings from Oct. 2000 - Nov. 2001.

Those who had taken part in the excursion to Loseley Park, house and gardens, had praise , especially for the house and for an enjoyable day.
